

GARBAGE COLLECTION IS CHANGING IN 2018!

REGULAR BULKY WASTE COLLECTION

Starting in January 2018, one (1) bulky item can be placed curbside for collection on your regularly scheduled landfill collection date (green week).

You can currently place a maximum of 6 garbage bags curbside; starting in 2018 you can replace one of those bags with ONE bulky item on green week.

Bulky items can include

A piece of furniture

A mattress

A boxspring

A porcelain bathroom item
(toilet/sink)

A wooden pallet

Stuff you would have put curbside for
Clean-Up Day

Please remember

No one item or bundle more than 25kg
(55lbs)

Don't put items curbside before 8:00 pm
of the day before green day

Only one bulky item per collection

Hazardous waste, asphalt shingles, and
electronics are still not acceptable for
curbside collection

There will still be a Spring and Fall Leaf Collection scheduled for the Town, as well as a Special Christmas Tree Collection day on January 8, 2018.

In 2018, Christmas trees from the Town of Mahone Bay will be go to Sweetwood Farm for the goats to use for food and recreation rather than being sent to the waste site.

If you have questions about what is acceptable to place curbside for a bulky waste item, please contact the Town Hall at 902-624-8327.

Watch for the 2018 Solid Waste Collection Calendar in your mailbox soon.
